

5/37 Lincoln Road Port Macquarie, NSW

Huge Block - Level - 7 Minutes to CBD

This is the last remaining block, all the others have been snapped up. In my opinion it's by far the best, with a generous street frontage and a huge driveway already constructed.

Positioned in a quiet cul de sac, your building design could capture the northern sunshine for your dream home or you could build two grand villas here (STCA).

Offering a central location with shopping and medical facilities, a bus route and universities all within easy reach.

- Ready to build approx. October 2020
- Connected to sewer, water, u/ground power & NBN
- New cul de sac constructed

...

Price: \$310,000
