Stunning and sophisticated!

Flexible design allows for the lower level to cater to semi-independent living or guest accommodation with lounge, bedroom, bathroom and covered outdoor terrace. Alternatively this footprint would cater perfectly to a home based business (STCA).

Upper level living is uncompromised? formal lounge and separate dining are complemented by an adjoining covered outdoor terrace.

Generous proportions extend to a king size master suite with balcony, walk-in robe and ensuite with a double vanity.

Premium finishes attest to the standards applied throughout including polished timber floor...

Price: Guide \$770,000-\$795,000

Council Rates: \$2,800.00/year (approx)
